PROJECT ANNOUNCEMENT

## Derby & Fitzroy Crossing Filter Upgrades Kimberley Region, Western Australia

WestWater have successfully won a tender with the Water Corporation for the design and construction of pressure filter vessels at Derby WTP and Fitzroy Crossing WTP, both of which are located in the Kimberley Region of Western Australia.

The process design of the filters will ensure they match existing conditions on site, whilst also capturing all the new requirements as per Standard EN13121 "*GRP tanks and vessels for use above ground*" and Water Corporation Strategic Product Specification SPS250 "*GRP Filter Vessels*".

All aspects of the works will be completed in accordance with the Contract, Water Corporation Standards and Australian Standards.

The project is expected to reach Practical Completion in early 2023.
